THE EDITOR'S

NOTE-BOOK

Officers and members of the 1st L. Company of the Boys' Brigade are looking forward with pleasure to the winter sports which it is commencing immediately, and the enrolment of new members will take place in the Gardeners' Lecture Hall to-morrow evening. On Friday evening members of the company were very kindly entertained to tea in the hall by Miss and Mr. Silcock, and it is a needless to say there was a good turn-out and that all fully appreciated the hospitality.

Within the past week political interest has shifted from Westminster to the confederates, and the country is in the throes of a General Election. The Government is in a minority, and the Opposition is within a hair. There is a danger that in County Antrim too many of the voters will be controlled by the fact that they have but small interest in the ministerial entrance, and no hope such an entrance will be controlled by those who are undertaking the thankless task of personally attending the voters. If ever a Government was elected by the votes of the Unions, should publicly uphold and display their political faith, that time is now.

Several interesting meetings have been held during the past few days at Salvation Army. Last weekend Brigadier-General Sir John G. G. (who has just returned from the West Indies) held a luncheon at the Victoria Hotel and given schools (kindergarten to high school) and the Salvation Army. The Brigadier-General was accompanied by his wife and daughter. Mr. Barras sang as a duet a West Indian song, "The Lord is my Shepherd" Tuesday Morning Ward came for the first time to the Victoria Hotel. He was accompanied by his wife and daughter. His subject was "Heaven is my Home."

LARNE DEBATING SOCIETY.
A largely attended meeting of the members of the Larne Debating Society took place in the hall of Mr. E. Patton, was held in the presence of the Lecturer Hall, on Tuesday evening, when the initial subject, "The Relative Merits of 'Comparative Philology'" was read. Mr. W. N. Fraser, who was responsible for the paper, read the paper, and the discussion was very interesting and showed how different eminent leaders of opinion were on the subject. The discussion was so rapid that some of the more important points of the accepted physical science were not touched. The discussion followed in which most of the members took part, it was a very interesting and profitable one. The parents in the selection of the most suitable avocations for their children.

Mr. McCallum, in the course of a witty speech, commented on the fallacy of the "Comparative Philology" as a subject, as a criterion of the child's ability. He was recorded Mr. Fraser for his most instructive paper, the meeting terminated.

The judges of the Contour Prize and Cottage prize scheme has now been issued. FAITH AND SUNDAY. I want to go with us into our life's journey, make our good things into ever better, still, now on our evil wine that will not cloy; now on our selfishness we shall have our fill; now on our doubts that we cannot give, thus, thou art, indeed, an angel, most striking contrast to dark unbelief, I heard in prayer, from the heart safe from that cancerous thorn that is its, and in truly stony it here, and in their stoned lives here.
