

THE IRISH LINEN INDUSTRY.

Steady Flow of Orders Continues—Preparing for the Christmas Trade—The Canadian Tariff—Local Conditions—Why Summer Buying Was Dull—Local Merchants and Advertising.

By a Special Correspondent.

The continued unsettled state of the home market has not prevented the linen industry as well as practically all our export markets in trade, but the steady flow of orders... The Canadian tariff is somewhat indefinite, and no information as to the various rates of duties... The news received by cables regarding the Canadian tariff is somewhat indefinite, and no information as to the various rates of duties...

Some valuable information explanatory of the recent fall in linen prices in the United Kingdom is given in a new leaflet of the "Linen of Trade Journal." This is a digest of data about linen conditions compiled by the Bank of England, in conjunction with the Incorporated Association of Linnens... The linen industry is preparing for the Christmas trade, and the flow of orders is steady...

There is no change in the position of Russian linen. The market is still somewhat unsettled, but the flow of orders is steady... The linen industry is preparing for the Christmas trade, and the flow of orders is steady...
